PI.262 P15/V2545/O - Land at Challow Park (including former Council depot), Challow Road, East Challow

The officer presented the report and addendum on application P15/V2545/O for outline planning permission to develop up to 36 residential dwellings, including up to 14 affordable dwellings, associated parking, amenity space and on-site public open space on land at Challow Park, Challow Road, East Challow.

The addendum included an update regarding an extra condition requiring a preliminary risk assessment for land contamination to be agreed in writing to the local planning authority prior to commencement of work on site, due to the proximity of the site to a principal aquifer.

Consultations, representations, policy and guidance and the site's planning history were detailed in the officer's report which formed part of the agenda pack for this meeting.

Phil Knight, a representative of East Challow Parish Council, spoke objecting to the application. His concerns included the following:

Vale Of White Horse District Council – Planning Committee Minutes

Monday, 15 February 2016

- The site is not identified in the local plan part one (this site wouldn't be in the emerging local plan part one 2031 as that plan only seeks to allocate "strategic" sites of more than 200 houses. This site is thus too small for consideration at this stage.)
- Disagree that there is a housing shortage in the area due to the number for sale in the locality;
- Disconnection to shops – not a sustainable location;
- No provision for the disabled;
- Full independent traffic assessment dismissed;
- No cycleways; and
- Importance of separation between East Challow and Wantage.

Graham Blyth, a local resident, spoke objecting to the application. His concerns included the following:

- Has policy changed as a result of court ruling that garden land can be considered brownfield? It needs to be tested;
- Beech tree has a fungal infection, but otherwise could live for decades;
- Importance of tree lines and view from the Lowland Vale;
- Enough development in the area; and
- Infrastructure needed first.

Philip Rawle, the applicant's agent, spoke in support of the application. His speech included the following:

- The development will be well contained, therefore the gap between East Challow and Wantage will be preserved – no statutory objections;
- East Challow is considered to be a large village and the site is an acceptable location;
- No highways objections, effect on A417 capacity not considered severe;
- No objections regarding drainage;
- No objections from the tree officer – the current plan accommodates the Beech tree; and
- Contribution to St Nicholas' school expansion.

Councillor Yvonne Constance, one of the local ward members, had submitted written representation objecting to the application. Her concerns included the following:

- Not a sustainable location as there is no shop, few facilities and limited access to Wantage other than by car;
- Future of the number 67 bus route;
- Capacity for both primary and secondary schools;
- Connection to the sewerage network, potential flood risk and drainage issues; and
- Infrastructure will need to be enforced through S106 contributions.

The committee considered the application, with advice from officers where appropriate; the discussion covered the following points:

- Affordable housing welcome;
- Extension of the 30mph speed limit is welcome;
- Request for hand digging around the beech tree as a condition;
- It is an indicative layout, which can change at reserved matters;
- No decision has been made regarding the number 67 bus service – contributions will help retain it;
- Previously developed land and planning history make it a suitable site;

- An error was identified on page 23 of the report whereby Drayton School should read St Nicholas' school;
- Concern at loss of potential employment site; and
- There will be contributions towards a zebra crossing, involving public consultation.

RESOLVED: (8 votes for; 1 against; 1 abstention)

To authorise the head of planning to grant outline planning permission for application P15/V2545/O, subject to the following:

1. A S106 agreement being entered into with both the county council and district council in order to secure contributions towards local infrastructure and to secure affordable housing; and
