

**SUPPLEMENTARY PLANNING GUIDANCE**  
**WHITE HORSE BUSINESS PARK, STANFORD-IN-THE-VALE**

Summary of Representations	Observations & Recommendation of the Deputy Director (Planning & Community Strategy)
<p><b>D. Summers</b></p> <p>Comments</p> <ul style="list-style-type: none"> <li>• Objection to the designation of the Park for solely business development. Site is significantly under-utilised. Would like to see mixed housing and commercial uses on the site instead.</li> </ul>	<p>White Horse Business Park is almost fully developed and the owners therefore objected to the Local Plan on the basis that the site needed to expand. However, the Inspector concluded that the Business Park was not a suitable location for further employment development. He further noted that “the objection site is entirely outside and separate from the existing built up area of the settlement”. There is therefore no justification for allocating this site for mixed development.</p> <p><b>RECOMMENDATION: No change to the Draft Supplementary Planning Guidance – White Horse Business Park, Stanford-In-The-Vale</b></p>
