

CUMULATIVE HOUSING FIGURES

At the meeting on 7 November 2012, the planning committee requested the inclusion in committee reports of an up date of housing figures relating to commitments (i.e. resolutions to grant permission and permissions) for major housing schemes to address the councils housing land shortfall. These figures do not form part of the individual assessment of any submitted application, which need to be assessed and recommended on the basis of each schemes specific planning merit, but they offer an indication of how the shortfall is being addressed. Each planning permission for these schemes is granted on the basis of a limited implementation period only, (one year or 18 months) to ensure development is initiated and so aid reducing the housing land shortfall figures. The current commitments are shown in the table below.
