Dear Sir/Madam

Domino's Pizza 135 Ock Street Abingdon

I wish to object to the application of extended hours for the above business.

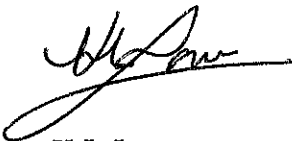

Currently neighbours are subjected regularly to noise at 11.30pm when there is loud banging and talk when receiving deliveries and returning empties. It is most annoying as you are just dropping off to sleep to be woken with a start and then being unable to get back to sleep.

I am very concerned with the general running of the business with regard to the following which I have witnessed recently:-

- a) Young delivery driver reversing into Ock Street during a busy period and holding up traffic.
- b) Delivery driver parking outside another take away restaurant causing a customer to double park when making a collection.
- c) A motor cycle continually parked outside the premises.
- d) Cars parked outside on the pavement with one occasion as many as three which included one at the end of the bus stop.

This is also close to a pedestrian crossing.

Yours faithfully

K L Jones
