## APPENDIX 2: Botley Local Service Centre boundary and population

Botley output area based sub area

The area used as the boundary for Botley has been made up of from the amalgamation of the following output areas:

E00146...219, 220, 221, 222, 223, 225, 226, 227, 228, 229, 230, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400.

This is because the analysis for the open spaces report uses parishes. Botley crosses over two parishes, Cumner and North Hinksey but needed to be analysed separately too as it is defined as a Local Service Centre.

Using the 2011 Census this gives a population figure of 8,161.
