APPENDIX A – BACKGROUND TO THE ENGAGEMENT

The following information is taken from the online survey introduction pages.

Working towards a thriving future for Vale of White Horse

Have your say on the six priority themes and illustrative projects in the Corporate Plan 2020 - 2024. Councillors have proposed a set of priority themes for the council over the next few years. You will recognise ideas from promises made by Councillors during their campaign for the May 2019 local elections.

The survey is open to all those living and working in Vale of White Horse, as well as council staff and councillors; we recognise that collaboration between all of us will help to build a better plan.

Please tell us if you think any themes or projects are missing or need to be expanded on, and let us know if we are on the right track. We are looking for feedback on the council's priorities particularly in the context of the challenges ahead for Local Government; for example, we are still working to support our communities through the COVID-19 pandemic and planning for recovery, whilst facing uncertainty about our funding in the future.

Your feedback will help councillors finalise the Corporate Plan and focus on what they and those living and working in Vale of White Horse believe will make the district a better place for businesses, for families and for future generations.

The survey is open until **midnight on Thursday 13 August 2020.**

We will review the priorities in the plan every year. This will help to ensure they remain up to date and relevant during the period that they cover, balancing this with our budgets and the council's climate objectives.

Next steps

Feedback will go in a report to managers and Cabinet Members. The survey feedback will be used to inform the preparation of the final content for the Vale of White Horse Corporate Plan. The report will be available on our [website](#).

You do not have to answer any questions that you do not want to. Any personal information supplied to us within your comments that could identify you will not be shared or published in the report. Further information on data protection is available in our [privacy statement](#).

If you have any queries about this survey or require it in an alternative format please email the consultation and community engagement team on haveyoursay@southandvale.gov.uk or call 01235 422425. An **Easy Read version of the survey** is available to download and view online, using [this link](#). If you want to

discuss the Corporate Plan and its development please contact Michelle Wells on Insightandpolicy@southandvale.gov.uk or call 07917 088341.

By clicking 'Next page', you are confirming you are happy for your answers (all anonymous) to be used in the survey feedback report.

A save and continue option is available so that you can come back to a partially completed survey. Your responses may be included as valid answers, even if you do not click "Submit" at the end of the survey.

We would like your feedback on the draft Vale of White Horse Corporate Plan themes, programmes and example projects.

The proposed themes are:

Theme 1: Providing the homes people need

Theme 2: Tackling the Climate Emergency

Theme 3: Building Healthy Communities

Theme 4: Building Stable Finances

Theme 5: Working in Partnership

Theme 6: Working in an Open and Inclusive Way

You can read more about each theme and you will have the opportunity to give your feedback and suggestions on the proposed programmes and example projects.

- Responses manually added to the 'Anything else?' section as a single response were moved to other sections of the report for analysis if they related to that section;
- a total of 2,471 comments were received. Most of the comments contained several comments or points within them and, where this is the case, each comment or point has been summarised individually for analysis purposes. Therefore, the total number of actual comments received is much higher.

APPENDIX C – COMMUNICATION

A copy of the email notification sent out to consultees is below. The text was adapted for the letter sent to those who opted to receive a postal notification.

Subject: Help shape our work towards a thriving future for Vale of White Horse

Dear [NAME]

If you had a say in what's most important for the council to focus on what would you say? Would it be tackling the climate emergency, providing the homes that people need, working in partnership or healthy communities?

These are all things that councillors at Vale of White Horse District Council regularly have to debate and consider for the local community.

Councillors have identified six main themes for what they feel are the most important areas they need to focus on. They would like to know how residents, council staff and local organisations such as community groups, businesses and town and parish councils feel about these themes. The main areas that you will be asked to comment on are:

- Theme 1: Providing the homes people need
- Theme 2: Tackling the Climate Change Emergency
- Theme 3: Building healthy communities
- Theme 4: Building stable finances
- Theme 5: Working in partnership
- Theme 6: Working in an open and inclusive way

The survey, launched today 16 July and running until midnight 13 August doesn't just want you to focus on the here and now but is looking for feedback on the council's priorities over the next four years.

Please give us your views on these themes by clicking here [SURVEYLINK]

The link above is uniquely tied to this survey and to your email address. If you would like to forward this message to any interested parties, please refer them to the generic link [here](#).

The responses gathered will help councillors finalise their mission statement, known as a Corporate Plan. The plan will enable them to focus the council's work on what they and those living and working in the Vale of White Horse believe will make the district a better place for future generations.

Covid-19 has changed the way many of us view things and our priorities for ourselves and those around us. Given this opportunity to adapt and change, we want to know what you think about our plans for the future, to make sure the Vale of White

Horse is the district our communities want it to be.

If you have any queries about this survey, require the engagement document in printed version, or in an alternative format (for example large print, Braille, audio, email, Easy Read and alternative languages), please email haveyoursay@southandvale.gov.uk or call 01235 422425.

Alternatively, if you want to give your views on the consultation by telephone please call 01235 422425.

If you have a query regarding the Corporate Plan, please email insightandpolicy@southandvale.gov.uk or call 07917 088341. Finally, when you next have a tea break [here's the link](#) to a video of councillors talking about the main themes in the Corporate Plan to watch with your cuppa.

Kind regards

Consultation and Community Engagement Team
Vale of White Horse District Council
