## **GL.11 Street trading policy**

The committee considered the head of legal and democratic services' report.

In 2014 the council adopted the current street trading policy to designate all streets as 'consent streets' under Paragraph 2(1) of Schedule 4 to the Local Government (Miscellaneous Provisions) Act 1982. The new policy had been effective and welcomed by street traders and the public, and there had not been any complaints about street traders since the new policy was introduced. However, it had since been discovered that the original work on the designation of streets had not designated all streets as consent streets.

The committee noted that a consent street designation meant that street trading could only take place if the council gave consent. 'Prohibited streets' were streets where no street trading could take place. Although there were no prohibited streets within the district, the A34 was designated as a trunk road and the A420 was a primary route. Oxfordshire County Council's Highways department did not support any street trading applications for lay-bys or slip roads along the A34 or A420. The council also had some 'unspecified streets' where they had not been designated as 'consent' or 'prohibited' streets.

The committee noted that the council had previously adopted Schedule 4 of the Act, which gave it power to designate streets as consent streets. The officer reported that if the committee agreed to this designation, it would cover all streets in the district, including new streets and developments as they were built. In answer to a question, the committee noted that ice cream and sandwich sellers were required to obtain a street trading licence. Street trading consents lasted for one year. There were currently 18 street traders consented in the Vale.

The committee considered that confirming the policy to designate all streets as 'consent streets' would bring consistency across the district and would be more efficient in terms of licensing street trading administration and enforcement.

The committee agreed a draft resolution, that with effect from 17 July 2017 for the purposes of Schedule 4 of the Local Government (Miscellaneous Provisions) Act 1982 all streets within the district shall be designated as consent streets for the purposes of street trading. This resolution would be subject to a 28 day public consultation. Officers would then consider the consultation responses and come back to the committee in due course. The committee might then pass the formal resolution for approval and publication, confirming the designation of streets within the district.

**RESOLVED:** to

- (a) pass a draft resolution for public consultation under Paragraph 2(1) of Schedule 4 to the Local Government (Miscellaneous Provisions) Act 1982, to designate all streets within the district as 'consent streets' for the purposes of street trading; and
- (b) authorise the head of legal and democratic services to make any further minor editorial changes to the resolution in (a) above and advertise the proposed draft resolution for public consultation.

The meeting closed at 2.20pm.
