

Community Grants 2011/12

Scheme information and scoring criteria

Community grant scheme from 1 April 2011 onwards

The council has a very limited budget for discretionary grants to parish councils and voluntary or community organisations, (including clubs and societies) wholly or partly based in Vale of White Horse District (the Vale). The council will not fund projects or services that are more appropriately funded by other organisations and it will not act as the sole funder of a project. It requires that applicants demonstrate widespread support by obtaining most of its funding from other organisations. Projects will have to show some financial contribution from other sources, for example their own funds, their local parish council or support from other funding organisations. Contributions 'in-kind' will be considered.

All projects must comply with disability discrimination legislation, the council's equal opportunities policy and race equality scheme (see www.whitehorsedc.gov.uk) and must be open to all sections of the community (accepting that some projects or services may be focussed on certain sections of the community, for example: young people or people with disabilities).

Assessment methodology for community grant applications

All applications will be assessed using the scoring system shown below. Applications that score the highest number of points are likely to be funded.

Scores of up to 60 points are available dependent on how well the project contributes to the following priorities:

- improving the quality of life for older people
- safer communities
- fostering a greater sense of the community
- a good understanding of town and parish priorities

Does the project contribute to at least one of these priorities? Scores are based on how well a project contributes to a particular priority.
