

The Oxfordshire Waste Partnership

Annex A

Oxfordshire Waste Partnership Action Plan

**No Time to Waste:
The Oxfordshire Joint Municipal Waste Strategy**

The Guidance on Municipal Waste Management Strategies – July 2005 states that:

“long term strategic planning is vital to all authorities in securing both the infrastructure and service developments necessary to deliver more sustainable waste management.”

This action plan sets out the short to medium term actions that the Oxfordshire Waste Partnership (OWP) will collectively take to ensure delivery of the policy objectives within the ‘No Time to Waste’ joint municipal waste management strategy. Each of the individual Authorities has produced their own action plans, covering specific actions to be undertaken by their Council. These plans will be evaluated and updated quarterly and will be subject to an annual performance review.

Actions	How do we achieve the action?	What is the outcome of the action?	What resources are required?	What are the risks associated with achieving this action?	When does the action need to be completed?	Who is responsible for the action?
Waste prevention and reuse						
Policy 3: The Oxfordshire Waste Partnership will help householders and individuals to reduce and manage their wastes through the provision of advice and appropriate services.						
Policy 4: The Oxfordshire Waste Partnership will encourage the controlled reuse and reclamation of items through the provision of advice and appropriate services.						
Policy 5: In accordance with regional policy, the Oxfordshire Waste Partnership will seek to reduce the growth of municipal waste across the County to 0% per annum by 2012.						
Develop a joint policy to source and ring-fence internal and external	Ensure that the OWP continually seeks external	<ul style="list-style-type: none"> Reduced Municipal Solid Waste (MSW) arisings 	<ul style="list-style-type: none"> Officer time 	<ul style="list-style-type: none"> Dependence on external funding for 	Project initiation December 2006	OWP

No Time to Waste: The Oxfordshire Joint Municipal Waste Management Strategy

Actions	How do we achieve the action?	What is the outcome of the action?	What resources are required?	What are the risks associated with achieving this action?	When does the action need to be completed?	Who is responsible for the action?
Develop the waste reduction and reuse (WRR) tools listed in Annex B.	Provide the tools that residents need to reduce and reuse their waste.	<ul style="list-style-type: none"> • WRR of MSW • Saving on collection and disposal costs • Increase in reuse of waste • Education of Oxfordshire's residents on WRR issues • Support residents to be proactive. 	<ul style="list-style-type: none"> • Officer time • Ringfenced funds for joint projects • Partnership working with external groups. 	<ul style="list-style-type: none"> • Increase in collection/disposal costs • Potential LATS penalties • Emphasis remains on recycling and disposal rather than the top of the hierarchy • Failure to meet BVPI targets. 	Ongoing implementation	OWP/OCC
Develop a waste reduction and reuse action programme to support the Waste Reduction and Reuse (WRR) Plan	Fund, develop, support and promote WRR initiatives in households, schools, businesses and communities.	<ul style="list-style-type: none"> • Reduced MSW arisings • Reduction in potential LATS penalties • Support community/business sector • Increase customer satisfaction • Increased WRR. 	<ul style="list-style-type: none"> • Officer time • Funding for projects. 	<ul style="list-style-type: none"> • No waste reduction • Possible increased waste collection and disposal costs. 	Project initiation September 06 Ongoing implementation	OWP

No Time to Waste: The Oxfordshire Joint Municipal Waste Management Strategy

Actions	How do we achieve the action?	What is the outcome of the action?	What resources are required?	What are the risks associated with achieving this action?	When does the action need to be completed?	Who is responsible for the action?
<p>Recycling and Composting</p> <p>Policy 6: The Oxfordshire Waste Partnership will provide an integrated system of collection and processing of household waste which will achieve, as a minimum, the <i>Waste Strategy 2000</i> recycling and composting targets for household waste (1).</p> <p>Policy 7: The Oxfordshire Waste Partnership will ensure that recycling facilities are available to all residents.</p> <p>Policy 8: The Oxfordshire Waste Partnership will encourage householders and businesses to separate waste for recycling collections by providing targeted information and awareness-raising campaigns.</p> <p>Policy 13: The Oxfordshire Waste Partnership will assist the development of local markets for recovered materials. (1) This policy will be revised as appropriate with revisions to Waste Strategy 2000.</p>						

No Time to Waste: The Oxfordshire Joint Municipal Waste Management Strategy

Actions	How do we achieve the action?	What is the outcome of the action?	What resources are required?	What are the risks associated with achieving this action?	When does the action need to be completed?	Who is responsible for the action?
<p>District Councils to have costed implementation programmes in place for introduction of fortnightly residual waste collections and District-specific dry recyclables/ garden/ kitchen waste collections, that collectively deliver Policy 6 targets.</p>	<p>Each District to consider integrated and collection-only financial and environmental cost models, as necessary, and determine the most appropriate collection systems.</p> <p>Local consultation as necessary.</p>	<ul style="list-style-type: none"> Policy 6 recycling and composting targets delivered to deadlines. 	<ul style="list-style-type: none"> Resources to implement new collection systems will be identified in modeling reports. 	<ul style="list-style-type: none"> Actions aren't sufficient to deliver policy 6 targets. 	<p>Action plans in place by December 2006</p>	<p>OWP/ District Councils</p>
<p>The Oxfordshire councils will aim to increase recycling and composting participation rates by:</p> <ul style="list-style-type: none"> 10% by 2010; and 20% by 2020. 	<p>Promote services and educate community members through engagement and distribution of education materials</p> <p>Incentive measures used to increase home composting.</p>	<ul style="list-style-type: none"> Increased recycling Meet government targets. 	<ul style="list-style-type: none"> Funding Officer time. 	<ul style="list-style-type: none"> Targets not met Participation doesn't increase. 	<p>Ongoing</p>	<p>OWP</p>

No Time to Waste: The Oxfordshire Joint Municipal Waste Management Strategy

Actions	How do we achieve the action?	What is the outcome of the action?	What resources are required?	What are the risks associated with achieving this action?	When does the action need to be completed?	Who is responsible for the action?
The Oxfordshire Councils will collectively aim to achieve 100% coverage for recycling collections across the County by 2010.	Work with the community and contractor/s to extend collections	<ul style="list-style-type: none"> • Reduced MSW arisings • Increased recycling. 	<ul style="list-style-type: none"> • Officer time • Funding. 	<ul style="list-style-type: none"> • Low participation. 	2010	OWP/ Contractor
OWP will provide targeted and specific advice to residents regarding their recycling services, particularly to low-performing areas and will continue to encourage residents to use recycling services, at the kerbside, bring banks and the Waste Recycling Centres (WRCs)	Develop appropriate education materials/programmes and distribute/implement	<ul style="list-style-type: none"> • Reduced MSW arisings • Increased recycling • Decreased contamination. 	<ul style="list-style-type: none"> • Officer time • Funding. 	<ul style="list-style-type: none"> • Participation doesn't increase. 	Ongoing	OWP
Support recycling schemes	Promote and support	<ul style="list-style-type: none"> • Sustained recycling 	<ul style="list-style-type: none"> • Funding for 	<ul style="list-style-type: none"> • Failure of recycling 	Ongoing	OWP

No Time to Waste: The Oxfordshire Joint Municipal Waste Management Strategy

Actions	How do we achieve the action?	What is the outcome of the action?	What resources are required?	What are the risks associated with achieving this action?	When does the action need to be completed?	Who is responsible for the action?
<p>through promotions, grants and in-kind contributions</p> <p>Encourage businesses to improve their performance on recycling</p>	<p>local and council recycling schemes and allocate funding for programmes</p> <p>Develop recycling educational/ marketing campaign aimed at businesses</p>	<p>and composting programmes supported through the development of reliable end markets.</p>	<p>programmes</p> <ul style="list-style-type: none"> Officer time. 	<p>programme</p> <ul style="list-style-type: none"> No reliable markets. 		
<p>Residual Waste and Sustainable Waste Management</p> <p>Policy 9: The Oxfordshire Waste Partnership will provide a system for recovering value from residual wastes in order to meet LATS targets</p> <p>Policy 10: The Oxfordshire Waste Partnership will ensure the availability of landfill sites for the disposal of residual waste, where necessary.</p> <p>Policy 11: The Oxfordshire Waste Partnership, will seek to provide waste management services for specialized, potentially polluting material streams, such as hazardous waste and waste electrical and electronic equipment, which meet and exceed legislative requirements.</p>						

No Time to Waste: The Oxfordshire Joint Municipal Waste Management Strategy

Actions	How do we achieve the action?	What is the outcome of the action?	What resources are required?	What are the risks associated with achieving this action?	When does the action need to be completed?	Who is responsible for the action?
<p>Policy 12: The Oxfordshire Waste Partnership working with the waste planning authority will ensure that waste facilities are suitably sized and distributed with the aim of minimising the transport of waste. Facilities will be well related to areas of population, given the environmental and amenity constraints, and the availability of suitable sites.</p>						
<p>Policy 14: The Oxfordshire Waste Partnership will develop methods of working together to improve the level of service through effective and efficient use of resources within Oxfordshire.</p>						
<p>Procure and construct a residual waste treatment facility to meet the medium to long term requirements of the Landfill Allowance Trading Scheme</p>	<p>OCC to lead procurement of a waste treatment facility, consistent with the LATS targets and policies in this strategy.</p>	<ul style="list-style-type: none"> Complete outline business case and begin EU procurement process through competitive dialogue. 	<ul style="list-style-type: none"> Funding for infrastructure. 	<ul style="list-style-type: none"> Inability to meet timelines. 	<p>To be completed in line with the Draft Outline Business Case 2006</p>	<p>OCC/OWP</p>
<p>Ensure that waste facilities are procured in accordance with the Minerals and Waste Development Framework and the Regional Spatial Strategy</p>	<p>Consult with relevant officers during the procurement and planning process</p>	<ul style="list-style-type: none"> Successful procurement and construction of waste facilities. 	<ul style="list-style-type: none"> Funding Officer time. 	<ul style="list-style-type: none"> Delay in construction LATS penalties Non compliance with regional strategies. 	<p>To be completed in line with the Draft Outline Business Case 2006</p>	<p>OWP</p>
<p>Ensure waste reduction, reuse, recycling & composting, services</p>	<p>Achieve the actions within</p>	<ul style="list-style-type: none"> Minimal requirement for the use of existing 	<ul style="list-style-type: none"> Funding for all reduction, 	<ul style="list-style-type: none"> LATS penalties No reduction in 	<p>Ongoing</p>	<p>OWP</p>
