Subject: Objection to the proposal to rename a section of Ford Lane

Dear Sir or Madam,

Proposal to rename a section of Ford Lane

Despite the fact that I raised the issue of the incorrect signage at the end of our road I wish to strongly object to the proposal to rename the road. I was expecting the incorrect signage that was installed to be corrected rather than the road to be renamed.

I have lived in my property for over 25 years. During that time all my affairs have referred to my current address.

- I have a number of legal documents such as deeds, work contracts etc. that refer to the existing address.
- There are a large number of people and organisations that hold my currently registered address.
- Most online transactions/interactions check your address against databases that will now be incorrect. This may lead to problems in verifying my address and identity.

The proposed solution seems to be predicated on the ease of implementation to the council at the expense of the occupants.
